If this RFP requires a Letter of Intent, the Department reserves the right to answer questions only from those who have submitted such a letter. The Department may combine similar questions and give only one answer. All questions and answers will be compiled into a written amendment to this RFP. If any answer to any question constitutes a material change to the RFP, the question and answer will be placed at the beginning of the amendment and duly noted as such. The agency will release the answers to questions on the date(s) established in the Procurement Schedule. The Department will publish any and all amendments to this RFP on the State Contracting Portal and, if available, on the Department’s RFP Web Page. At its discretion, the Department may distribute any amendments to this RFP to prospective proposers who submitted a Letter of Intent.

9. **RFP Conference.** An RFP conference **will not** be held to answer questions from prospective proposers. All questions submitted will be answered in a written amendment to this RFP, which will serve as the Department’s official response to questions asked at the conference. If any answer to any question constitutes a material change to the RFP, the question and answer will be placed at the beginning of the amendment and duly noted as such. The agency will release the amendment on the date established in

the Procurement Schedule. The Department will publish any and all amendments to this RFP on the State Contracting Portal and, if available, on the Department's RFP Web Page.

10. Proposal Due Date and Time. The Official Contact is the **only authorized recipient** of proposals submitted in response to this RFP. Proposals must be received by the Official Contact on or before the due date and time:

- Due Date: February 24, 2011
- Time: 4:00 P.M. Eastern Standard Time

Faxed or e-mailed proposals will not be evaluated. When hand-delivering proposals by courier or in person, allow extra time due to building security procedures. The Department will not accept a postmark date as the basis for meeting the submission due date and time. Proposals received after the due date and time may be accepted by the Department as a clerical function, but late proposals will not be evaluated. At the discretion of the Department, late proposals may be destroyed or retained for pick up by the submitters.

An acceptable submission must include the following:

- one (1) original proposal;
- five (5) conforming copies of the original proposal; and
- one (1) conforming electronic copy of the original proposal.

The original proposal must carry original signatures and be clearly marked on the cover as "Original." Unsigned proposals will not be evaluated. The original proposal and each conforming copy of the proposal must be complete, properly formatted and outlined, and ready for evaluation by the Screening Committee. The electronic copy of the proposal must be compatible with *Microsoft Office Word 2003*. For the electronic copy, required forms and appendices may be scanned and submitted in Portable Document Format (PDF) or similar file format.

11. Multiple Proposals. The submission of multiple proposals is not an option with this procurement

12. Declaration of Confidential Information. Proposers are advised that all materials associated with this procurement are subject to the terms of the Freedom of Information Act (FOIA), the Privacy Act, and all rules, regulations and interpretations resulting from them. If a proposer deems that certain information required by this RFP is confidential, the proposer must label such information as CONFIDENTIAL. In Section C of the proposal submission, the proposer must reference where the information labeled CONFIDENTIAL is located in the proposal. *EXAMPLE: Section G.1.a.* For each subsection so referenced, the proposer must provide a convincing explanation and rationale sufficient to justify an exemption of the information from release under the FOIA. The explanation and rationale must be stated in terms of (a) the prospective harm to the competitive position of the proposer that would result if the identified information were to be released and (b) the reasons why the information is legally exempt from release pursuant to C.G.S. § 1-210(b).

13. Conflict of Interest - Disclosure Statement. Proposers must include a disclosure statement concerning any current business relationships (within the last three (3) years) that pose a conflict of interest, as defined by C.G.S. § 1-85. A conflict of interest exists when a relationship exists between the proposer and a public official (including an elected official) or State employee that may interfere with fair competition or may be adverse to the interests of the State. The existence of a conflict of interest is not, in and of itself, evidence of wrongdoing. A conflict of interest may, however, become a legal matter if a proposer tries to influence, or succeeds in influencing, the outcome of an official decision for their personal or corporate benefit. The Department will determine whether any disclosed conflict of interest poses a substantial advantage to the proposer over the competition, decreases the overall competitiveness of this

procurement, or is not in the best interests of the State. In the absence of any conflict of interest, a proposer must affirm such in the disclosure statement. *Example: "[name of proposer] has no current business relationship (within the last three (3) years) that poses a conflict of interest, as defined by C.G.S. § 1-85."*

■ E. EVALUATION OF PROPOSALS

1. **Evaluation Process.** It is the intent of the Department to conduct a comprehensive, fair, and impartial evaluation of proposals received in response to this RFP. When evaluating proposals, negotiating with successful proposers, and awarding contracts, the Department will conform with its written procedures for POS procurements (pursuant to C.G.S. § 4-217) and the State's Code of Ethics (pursuant to C.G.S. §§ 1-84 and 1-85).
2. **Screening Committee.** The Department will designate a Screening Committee to evaluate proposals submitted in response to this RFP. The contents of all submitted proposals, including any confidential information, will be shared with the Screening Committee. Only proposals found to be responsive (that is, complying with all instructions and requirements described herein) will be reviewed, rated, and scored. Proposals that fail to comply with all instructions will be rejected without further consideration. Attempts by any proposer (or representative of any proposer) to contact or influence any member of the Screening Committee may result in disqualification of the proposer.
3. **Minimum Submission Requirements.** All proposals must comply with the requirements specified in this RFP. To be eligible for evaluation, proposals must (1) be received on or before the due date and time; (2) meet the Proposal Format requirements; (3) follow the required Proposal Outline; and (4) be complete. Proposals that fail to follow instructions or satisfy these minimum submission requirements will not be reviewed further. The Department will reject any proposal that deviates significantly from the requirements of this RFP.
4. **Evaluation Criteria (and Weights).** Proposals meeting the Minimum Submission Requirements will be evaluated according to the established criteria. The criteria are the objective standards that the Screening Committee will use to evaluate the technical merits of the proposals. Only the criteria listed below will be used to evaluate proposals. The criteria are weighted according to their relative importance. The weights are disclosed below.
 - Organizational Profile (5%)
 - Scope of Services (35%)
 - Staffing Plan and Subcontractors (5%) *see note*
 - Data and Technology (5%)
 - Work Plan (20%)
 - Financial Profile (5%)
 - Budget and Budget Narrative (20%)
 - Appendices (5%)

Note:

As part of its evaluation of the Staffing Plan, the Screening Committee will consider the proposer's demonstrated commitment to affirmative action, as required by the Regulations of CT State Agencies § 46A-68j-30(10).

5. **Proposer Selection.** Upon completing its evaluation of proposals, the Screening Committee will submit the rankings of all proposals to the Department head. The final selection of a successful proposer is at the discretion of the Department head. Any proposer selected will be so notified and awarded an opportunity to negotiate a contract with the Department. Such negotiations may, but will not automatically, result in a contract. Pursuant to Governor M. Jodi Rell's Executive Order No. 3, any resulting contract will be posted on the State Contracting Portal. All unsuccessful proposers will be notified by e-mail or U.S. mail, at the Department's discretion, about the outcome of the evaluation and proposer selection process.

- 6. Debriefing.** Within ten (10) days of receiving notification from the Department, unsuccessful proposers may contact the Official Contact and request information about the evaluation and proposer selection process. The e-mail sent date or the postmark date on the notification envelope will be considered “day one” of the ten (10) days. If unsuccessful proposers still have questions after receiving this information, they may contact the Official Contact and request a meeting with the Department to discuss the evaluation process and their proposals. If held, the debriefing meeting will not include any comparisons of unsuccessful proposals with other proposals. The Department will schedule and hold the debriefing meeting within fifteen (15) days of the request. The Department will not change, alter, or modify the outcome of the evaluation or selection process as a result of any debriefing meeting.
- 7. Appeal Process.** Proposers may appeal any aspect the Department’s competitive procurement, including the evaluation and proposer selection process. Any such appeal must be submitted to the Department head. A proposer may file an appeal at any time after the proposal due date, but not later than thirty (30) days after an agency notifies unsuccessful proposers about the outcome of the evaluation and proposer selection process. The e-mail sent date or the postmark date on the notification envelope will be considered “day one” of the thirty (30) days. The filing of an appeal shall not be deemed sufficient reason for the Department to delay, suspend, cancel, or terminate the procurement process or execution of a contract. More detailed information about filing an appeal may be obtained from the Official Contact.
- 8. Contract Execution.** Any contract developed and executed as a result of this RFP is subject to the Department’s contracting procedures, which may include approval by the Office of the Attorney General.

This section of the RFP provides information about the State's mandatory procurement and contracting requirements, including, the standard Purchase of Service contract, proposer assurances, the terms and conditions of this RFP, the rights reserved to the State, and compliance with statutes and regulations. The Department is solely responsible for rendering decisions in matters of interpretation of all mandatory provisions. Section II is standard for all RFPs for POS and the content does not vary.

■ A. POS STANDARD CONTRACT, PARTS I AND II

By submitting a proposal in response to this RFP, the proposer implicitly agrees to comply with the provisions of Parts I and II of the State's "standard contract" for POS:

Part I of the standard contract is maintained by the Department and will include the scope of services, contract performance, quality assurance, reports, terms of payment, budget, and other program-specific provisions of any resulting POS contract. A sample of Part I is available from the Department's Official Contact upon request.

Part II of the standard contract is maintained by OPM and includes the mandatory terms and conditions of the POS contract. Part II is available on OPM's website at: http://www.ct.gov/opm/fin/standard_contract

Note:

Included in Part II of the standard contract is the State Elections Enforcement Commission's notice (pursuant to C.G.S. § 9-612(g)(2)) advising executive branch State contractors and prospective State contractors of the ban on campaign contributions and solicitations. If a proposer is awarded an opportunity to negotiate a contract with the Department and the resulting contract has an anticipated value in a calendar year of \$50,000 or more, or a combination or series of such agreements or contracts has an anticipated value of \$100,000 or more, the proposer must inform the proposer's principals of the contents of the SEEC notice.

Part I of the standard contract may be amended by means of a written instrument signed by the Department, the selected proposer (contractor), and, if required, the Attorney General's Office. Part II of the standard contract may be amended only in consultation with, and with the approval of, the Office of Policy and Management and the Attorney General's Office.

■ B. ASSURANCES

By submitting a proposal in response to this RFP, a proposer implicitly gives the following assurances:

- 1. Collusion.** The proposer represents and warrants that the proposer did not participate in any part of the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance. The proposer further represents and warrants that no agent, representative, or employee of the State participated directly in the preparation of the proposer's proposal. The proposer also represents and warrants that the submitted proposal is in all respects fair and is made without collusion or fraud.
- 2. State Officials and Employees.** The proposer certifies that no elected or appointed official or employee of the State has or will benefit financially or materially from any contract resulting from this RFP. The Department may terminate a resulting contract if it is determined that gratuities of any kind were either offered or received by any of the aforementioned officials or employees from the proposer, contractor, or its agents or employees.

3. **Competitors.** The proposer assures that the submitted proposal is not made in connection with any competing organization or competitor submitting a separate proposal in response to this RFP. No attempt has been made, or will be made, by the proposer to induce any other organization or competitor to submit, or not submit, a proposal for the purpose of restricting competition. The proposer further assures that the proposed costs have been arrived at independently, without consultation, communication, or agreement with any other organization or competitor for the purpose of restricting competition. Nor has the proposer knowingly disclosed the proposed costs on a prior basis, either directly or indirectly, to any other organization or competitor.
4. **Validity of Proposal.** The proposer certifies that the proposal represents a valid and binding offer to provide services in accordance with the terms and provisions described in this RFP and any amendments or attachments hereto. The proposal shall remain valid for a period of 180 days after the submission due date and may be extended beyond that time by mutual agreement. At its sole discretion, the Department may include the proposal, by reference or otherwise, into any contract with the successful proposer.
5. **Press Releases.** The proposer agrees to obtain prior written consent and approval of the Department for press releases that relate in any manner to this RFP or any resultant contract.

■ C. TERMS AND CONDITIONS

By submitting a proposal in response to this RFP, a proposer implicitly agrees to comply with the following terms and conditions:

1. **Equal Opportunity and Affirmative Action.** The State is an Equal Opportunity and Affirmative Action employer and does not discriminate in its hiring, employment, or business practices. The State is committed to complying with the Americans with Disabilities Act of 1990 (ADA) and does not discriminate on the basis of disability in admission to, access to, or operation of its programs, services, or activities.
2. **Preparation Expenses.** Neither the State nor the Department shall assume any liability for expenses incurred by a proposer in preparing, submitting, or clarifying any proposal submitted in response to this RFP.
3. **Exclusion of Taxes.** The Department is exempt from the payment of excise and sales taxes imposed by the federal government and the State. Proposers are liable for any other applicable taxes.
4. **Proposed Costs.** No cost submissions that are contingent upon a State action will be accepted. All proposed costs must be fixed through the entire term of the contract.
5. **Changes to Proposal.** No additions or changes to the original proposal will be allowed after submission. While changes are not permitted, the Department may request and authorize proposers to submit written clarification of their proposals, in a manner or format prescribed by the Department, and at the proposer's expense.
6. **Supplemental Information.** Supplemental information will not be considered after the deadline submission of proposals, unless specifically requested by the Department. The Department may ask a proposer to give demonstrations, interviews, oral presentations or further explanations to clarify information contained in a proposal. Any such demonstration, interview, or oral presentation will be at a time selected and in a place provided by the Department. At its sole discretion, the Department may limit the number of proposers invited to make such a demonstration, interview, or oral presentation and may limit the number of attendees per proposer.

7. **Presentation of Supporting Evidence.** If requested by the Department, a proposer must be prepared to present evidence of experience, ability, data reporting capabilities, financial standing, or other information necessary to satisfactorily meet the requirements set forth or implied in this RFP. The Department may make onsite visits to an operational facility or facilities of a proposer to evaluate further the proposer's capability to perform the duties required by this RFP. At its discretion, the Department may also check or contact any reference provided by the proposer.
8. **RFP Is Not An Offer.** Neither this RFP nor any subsequent discussions shall give rise to any commitment on the part of the State or the Department or confer any rights on any proposer unless and until a contract is fully executed by the necessary parties. The contract document will represent the entire agreement between the proposer and the Department and will supersede all prior negotiations, representations or agreements, alleged or made, between the parties. The State shall assume no liability for costs incurred by the proposer or for payment of services under the terms of the contract until the successful proposer is notified that the contract has been accepted and approved by the Department and, if required, by the Attorney General's Office.

■ D. RIGHTS RESERVED TO THE STATE

By submitting a proposal in response to this RFP, a proposer implicitly accepts that the following rights are reserved to the State:

1. **Timing Sequence.** The timing and sequence of events associated with this RFP shall ultimately be determined by the Department.
2. **Amending or Canceling RFP.** The Department reserves the right to amend or cancel this RFP on any date and at any time, if the Department deems it to be necessary, appropriate, or otherwise in the best interests of the State.
3. **No Acceptable Proposals.** In the event that no acceptable proposals are submitted in response to this RFP, the Department may reopen the procurement process, if it is determined to be in the best interests of the State.
4. **Award and Rejection of Proposals.** The Department reserves the right to award in part, to reject any and all proposals in whole or in part, for misrepresentation or if the proposal limits or modifies any of the terms, conditions, or specifications of this RFP. The Department may waive minor technical defects, irregularities, or omissions, if in its judgment the best interests of the State will be served. The Department reserves the right to reject the proposal of any proposer who submits a proposal after the submission date and time.
5. **Sole Property of the State.** All proposals submitted in response to this RFP are to be the sole property of the State. Any product, whether acceptable or unacceptable, developed under a contract awarded as a result of this RFP shall be the sole property of the State, unless stated otherwise in this RFP or subsequent contract. The right to publish, distribute, or disseminate any and all information or reports, or part thereof, shall accrue to the State without recourse.
6. **Contract Negotiation.** The Department reserves the right to negotiate or contract for all or any portion of the services contained in this RFP. The Department further reserves the right to contract with one or more proposer for such services. After reviewing the scored criteria, the Department may seek Best and Final Offers (BFO) on cost from proposers. The Department may set parameters on any BFOs received.
7. **Clerical Errors in Award.** The Department reserves the right to correct inaccurate awards resulting from its clerical errors. This may include, in extreme circumstances, revoking the awarding of a contract already made to a proposer and subsequently awarding the contract to another proposer. Such action on

the part of the State shall not constitute a breach of contract on the part of the State since the contract with the initial proposer is deemed to be void *ab initio* and of no effect as if no contract ever existed between the State and the proposer.

8. **Key Personnel.** When the Department is the sole funder of a purchased service, the Department reserves the right to approve any additions, deletions, or changes in key personnel, with the exception of key personnel who have terminated employment. The Department also reserves the right to approve replacements for key personnel who have terminated employment. The Department further reserves the right to require the removal and replacement of any of the proposer's key personnel who do not perform adequately, regardless of whether they were previously approved by the Department.

■ E. STATUTORY AND REGULATORY COMPLIANCE

By submitting a proposal in response to this RFP, the proposer implicitly agrees to comply with all applicable State and federal laws and regulations, including, but not limited to, the following:

1. **Freedom of Information, C.G.S. § 1-210(b).** The Freedom of Information Act (FOIA) generally requires the disclosure of documents in the possession of the State upon request of any citizen, unless the content of the document falls within certain categories of exemption, as defined by C.G.S. § 1-210(b). Proposers are generally advised not to include in their proposals any confidential information. If the proposer indicates that certain documentation, as required by this RFP, is submitted in confidence, the State will endeavor to keep said information confidential to the extent permitted by law. The State has no obligation to initiate, prosecute, or defend any legal proceeding or to seek a protective order or other similar relief to prevent disclosure of any information pursuant to a FOIA request. The proposer has the burden of establishing the availability of any FOIA exemption in any proceeding where it is an issue. While a proposer may claim an exemption to the State's FOIA, the final administrative authority to release or exempt any or all material so identified rests with the State. In no event shall the State or any of its employees have any liability for disclosure of documents or information in the possession of the State and which the State or its employees believe(s) to be required pursuant to the FOIA or other requirements of law.

III. PROGRAM INFORMATION

A. DEPARTMENT OVERVIEW

The Connecticut Department of Public Health (DPH) is the state's leader in public health policy and advocacy. The agency is the center of a comprehensive network of public health services, and is a partner to local health departments for which it provides advocacy, training and certification, technical assistance and consultation, and specialty services such as risk assessment that are not available at the local level. The agency is a source of accurate, up-to-date health information to the Governor, the Legislature, the federal government and local communities. This information is used to monitor the health status of Connecticut's residents, set health priorities and evaluate the effectiveness of health initiatives. The agency is a regulator focused on health outcomes, maintaining a balance between assuring quality and administrative burden on the personnel, facilities and programs regulated. The agency is a leader on the national scene through direct input to federal agencies and the United States Congress.

This RFP is being issued by the Tobacco Use Prevention and Control Program of the Health Education, Management, and Surveillance Section of the Public Health Initiatives Branch.

The Program has the following goals:

1. To prevent the initiation of tobacco use.
2. To promote quitting among young people and adults.
3. To eliminate nonsmokers' exposure to secondhand smoke.
4. To identify and eliminate the disparities related to tobacco use and its effects on diverse population groups.

B. PROGRAM OVERVIEW

The Tobacco Use Prevention and Control Program is working to enhance the well being of Connecticut's residents by promoting tobacco-free lifestyles and by educating communities about the economic and health costs and consequences of tobacco use.

Tobacco use is the single most preventable cause of death and disease in the United States. Each year, tobacco use causes 440,000 deaths in the United States and secondhand smoke claims another 50,000 lives. In Connecticut, approximately 429,500 adults, or 15.9% smoke cigarettes (2008 BRFSS Data). In CT high schools, 15.3% of students smoke cigarettes, 16% of boys and 14.4% of girls. (2009 CTSHS data)

Comprehensive statewide tobacco control programs have been effective in reducing both death and disease associated with tobacco use. Programs need to be a coordinated effort and need to include establishment of smoke-free policies and social norms to promote and assist tobacco users to quit and to prevent the initiation of tobacco use. This comprehensive approach includes educational, clinical, regulatory, economic, and social strategies.

In Connecticut alone, the Tobacco Industry spends \$124.1 million a year marketing their products. Published research studies have found that children and adolescents are almost twice as likely as adults to recall tobacco advertising, are more likely to be influenced to smoke by cigarette marketing than by peer pressure, and that one-third of underage experimentation with tobacco use is attributable to tobacco company advertising.

(<http://www.tobaccofreekids.org/reports/settlements/toll.php?StateID=CT>)

Tobacco countermarketing plays a vital role in countering the influential promotional activities of the tobacco industry. (Designing and Implementing an Effective Tobacco Countermarketing Campaign, CDC, 2003). Tobacco countermarketing is the use of commercial marketing tactics to reduce the prevalence of tobacco use. Countermarketing attempts to counter pro-tobacco influences and increase pro-health messages and influences.

Under the direction of the Tobacco Use Prevention and Control Program, this request for proposals seeks to identify organizations possessing the capacity to develop, implement and maintain a comprehensive tobacco use prevention countermarketing campaign that will help to reduce the initiation and ongoing use of tobacco.

The State of Connecticut Department of Public Health Tobacco Use Prevention and Control Program issued a similar request in early 2009. The successful bidder of that project was Cronin and Company of Glastonbury Connecticut. Cronin remains under contract to do additional activities during 2010 and 2011 and we have been pleased with their performance in response to that request.

Due to the fact that additional funding has been allocated for countermarketing activities, the Department of Public Health is requesting proposals once again to ensure a fair and competitive award of this additional funding.

Applicants may expand the activities being conducted by the current Contractor, develop new concepts, initiatives and activities or propose to conduct a mixture of both an expansion of current activities and new development.

The current campaign information can be found at www.itsawaste.org.

■ C. MAIN PROPOSAL COMPONENTS

1. Cover Sheet, Contractor Information, Notification to Bidders

The proposal must contain a completed Cover Sheet, Contractor Information Form, and a signed Notification to Bidders Form, that are included in the attached Application Forms.

2. Organizational Requirements

Applications will be accepted from public and private organizations. The Applicant does not need to be a vendor currently listed on the Marketing, Media, Advertising and Public Relations Contract Award Number 08 PSX 0068 of the State of Connecticut, Department of Administrative Services.

The proposal must describe the organization, including its purpose, services provided, and length of time in operation.

3. Services to be Provided

Tobacco countermarketing is the use of commercial marketing tactics to reduce the prevalence of tobacco use. Countermarketing attempts to counter pro-tobacco influences and increase pro-health messages and influences.

The goal of this campaign is to reduce initiation and on-going use of tobacco by working to change the social norms regarding tobacco use among Connecticut youth and young adults, through a variety of countermarketing messaging vehicles.

The following services should be conducted. Include your approach to providing these services within the proposal:

1. Develop and implement a Countermarketing plan with clearly defined objectives, strategies and outcome measures.
 - a. Consult with both the Legacy for Health Foundation and the Campaign for Tobacco Free Kids, who both have a national presence, on efforts that can be coordinated with the Connecticut campaign.
 - b. Bidders are **strongly** encouraged to work/consult with vendors who have performed Countermarketing campaigns in other states.
 - c. Plan should be for a 24-month campaign.
2. Develop and implement a culturally competent, integrated, two-pronged tobacco use countermarketing campaign targeting youth ages 12-17 and young adults ages 18- 24 (both college students and "straight to work"). English and Spanish language components are needed at a minimum.
 - a. **Prong 1**- A statewide countermarketing campaign delivering high-impact, hard hitting messages designed to counter pro- tobacco messaging, prevent tobacco use initiation, facilitate cessation, and shape social norms related to tobacco use. A variety of media may be used including television, radio, outdoor (except billboards), print, pod casts, texting, social media networks and interactive media including online and website applications. *Messages will be developed and media used that specifically resonates with each of the targeted populations, especially the use of social media networks.*
 - b. **Prong 2**- Local community, grassroots countermarketing efforts targeting sub-groups of the targeted populations disproportionately affected by tobacco use are to be designed and implemented to prevent tobacco use initiation, facilitate cessation, and shape social norms related to tobacco use. A variety of media strategies can be used including but not limited to public relations efforts at local, social and health promotion events, community organizing, and partnerships as well as at local venues frequented by the targeted population. *Messages will be developed and media used that specifically resonates with each of the targeted populations.*

Sub-groups to be targeted include but are not limited to Low- Socio-economic, Hispanic, African American and Gay, Lesbian, Bi-Sexual and Transgender youth and young adults.

Targeted populations have been chosen due to their tobacco use rates, vulnerability, and Tobacco Industry targeting tactics.

3. Previously created advertisements from other states and agencies may be purchased, such as those available from the Centers for Disease Control and Prevention (CDC) Media Campaign Resource Center, through the Campaign for Tobacco-Free Kids, or through the Legacy for Health Foundation, and/or new creative may be developed. There are television advertisements that have been developed through the current media campaign that may also be used. A combination of all of these methods may be the most advantageous.
4. Involve members of the targeted population in the development of messages and in the planning and implementation of the campaign. The contractor is encouraged to use groups or "Street Teams" of the targeted populations to assist with the dissemination of messages in public venues.
5. Pre-test all new messages before implementation.
6. Incorporate referrals to the Connecticut Telephone Quitline as appropriate. The Quitline number will be tagged on most advertisements as appropriate.
7. Hire or subcontract with a grassroots community advocate to assist in recruiting community members to champion and direct messages to reach subpopulations at the local community level.
8. Cooperate with the contractor, Professional Data Analysts, Inc. (PDA), hired by DPH under a separate contract to evaluate the process and outcomes of the countermarketing campaign.

Applicants may expand the activities being conducted by the current Contractor, develop new concepts, initiatives and activities or may propose both an expansion of current activities and new development. Applicants should indicate whether each activity would be an expansion or new development.

Provide at least three letters of reference, including their telephone numbers, to support your description of your experience in providing the types of services listed.

Proposals must include a comprehensive and realistic work plan that includes a schedule for completion of the above tasks, including details of strategies to be used in targeting these audiences. Include campaign reach and frequency, including market share and anticipated exposure to the campaign by each of the target groups and sub-groups. It is expected that there will be promotional and value-added elements included in the proposal.

The work plan should include measurable objectives describing the tasks to be performed, the staff responsible, the deliverables, and timeframes, including a project start date. Work Plan Template is attached.

Payments will be tied to providing several documents that must be produced and delivered to DPH for approval. These documents, along with the required services, will be the indicators for measuring the performance of the contractor.

Development of deliverables from the project work plan include the following:

- a. Media plan with clearly defined objectives, strategies and outcome measures.
- b. Drafts of advertisement materials produced or purchased for approval.
- c. Final advertisement materials produced or purchased.
- d. Copies of all media buy and/or placement plans for approval.
- e. Affidavits of media placements.
- f. List of scheduled public relations events.
- g. List of public relations events held.
- h. Monthly progress reports

**AFFIRMATIVE ACTION
CONTRACT COMPLIANCE POLICY STATEMENT**

The Department of Public Health is an affirmative action employer, in compliance with all state and federal laws which prohibit discrimination and mandate affirmative action to overcome the present effects of past discrimination. Accordingly, we require that the individuals and organizations with which we do business do not engage in discriminatory practices.

This Department and our contractors shall fully comply with the CONTRACT COMPLIANCE REGULATIONS OF CONNECTICUT STATE AGENCIES, Sections 46a-68j-21 through 46a-68j-43, which establish procedures for evaluating compliance with Connecticut General Statutes, Section 4a-60, the state's nondiscrimination contract provisions. As part of our contract compliance program, bidders, contractors, subcontractors, and suppliers are encouraged to develop and follow a plan of affirmative action to achieve or exceed parity of employment with the applicable labor market.
