A. Goal of this procurement/Business needs:

The New Hampshire Department of Education (NHED), through the Commissioner’s Office, is soliciting competitive sealed proposals from qualified vendors to assist with promotional, marketing and public relations initiatives for a new Computer Science Educator Program associated with Chapter 200-O. The objective is to recruit individuals that are already holding eligible industry recognized credentials to receive a New Hampshire certified educator credential in the area of computer science; such individuals shall be qualified to teach in approved New Hampshire education programs.

The preferred vendor would develop, execute, and implement a successful campaign designed to bring industry expertise to the students of New Hampshire through a unique partnership initiative. The vendor would create marketing and advertising materials such as a public service announcement, informational pieces, the creation of a website, 15-second video, graphics, infographics, print advertisements, creative content, social media materials and social media dissemination, coupled with the development, execution and implementation of a successful recruitment effort. The vendor should have experience with previous initiatives that consider both efficiency and effectiveness. The promotional, marketing and public relations assistance will help to promote broader computer science education in New Hampshire with the goal of preparing more students for employment opportunities in this field, which starts with more individuals, specifically industry recognized experts, pursuing credentials in the field of computer science.

The resulting contract will be Firm Fixed Price/Not to Exceed for the term starting on January 1, 2024 through June 30, 2025.

The Agency will select a vendor based upon the criteria and standards contained in this RFP and from applying the weighting in this section. Oral interviews and reference checks, to the extent they are utilized by the Agency, will be used to refine and finalize scores.

If the Agency, decides to make an award based on these evaluations, the Agency will notify the selected vendor(s). Should the Agency be unable to reach agreement with the selected vendor(s) during Contract discussions, the Agency may then undertake Contract discussions with the next preferred vendor and so on, or the Agency may reject all proposals, cancel this RFP, or solicit new Proposals under a new acquisition process.

B. Planned Evaluations Steps

The Agency plans to use the following process:

- Step 1. Initial screening to ensure that the Proposals are in compliance with submission requirements;
- Step 2. Independent blind scoring of the Technical Proposal by Evaluation Team;
- Step 3. Review of Cost Summary; and
- Step 4. Select the highest scoring Proposer and begin contract negotiations

C. Step 1: Initial Screening

The Agency will conduct an initial screening to verify vendor compliance with the proposal submission requirements set forth in Sections 4 and 7. The Agency may waive or offer a limited opportunity to cure immaterial deviations from the RFP requirements if it is determined to be in the best interest of the State.

D. Step 2: Preliminary Technical Scoring of Proposals

The Agency will establish an evaluation team to review for compliance of the minimum requirements as set forth in Section 2. This evaluation team will then review the technical proposals and give a preliminary score to the technical proposals under the guidelines set forth in Section 6. Should a vendor fail to achieve 40 Points in the preliminary technical scoring, it will receive no further consideration from the evaluation team and the vendor’s price proposal will be returned unopened. Price proposals will not be reviewed by the evaluation team during the preliminary technical review.

E. Step 3: Oral Interviews and Product Demonstrations
N/A

F. Step 4: Final Technical Scoring of Proposals

Following review of written clarifications of proposals requested by the Agency, the evaluation team will determine a final score for each technical proposal.

G. Step 5: Price Proposal Review

Price proposals will be reviewed upon completion of the final technical scoring of proposals. The vendor's price proposal will be allocated a maximum potential score of 15 points. Vendors are advised that this **is not a low bid award** and that the scoring of the price proposal will be combined with the scoring of the technical proposal to determine the overall highest scoring vendor.

The following formula will be used to assign points for costs:

$$\text{Vendor's Price Score} = (\text{Lowest Proposed Price} / \text{Vendor's Proposed Price}) \times \text{Number of Points for Score}$$

For the purpose of use of this formula, the lowest proposed price is defined as the lowest price proposed by a vendor who has scored above the minimum necessary for consideration on the Technical Score.

H. No Best and Final Offer

The Proposal should be submitted initially on the most favorable terms which the vendor can offer. There will be no best and final offer procedure. The estimated cost of this contract is \$100,000 to \$300,000.

I. Final Selection

The Agency will conduct a final selection based on the final evaluation of the proposals or, if requested, as a result of the Best and Final Offer, and begin contract discussions with the selected vendor(s).

J. Rights of the Agency in Accepting and Evaluating Proposals

The Agency reserves the right, at its sole discretion, to:

- Make independent investigations in evaluating proposals;
